Empire Life Investments Inc., a wholly owned-sub subsidiary of The Empire Life Insurance Company, is the Manager of Empire Life Mutual Funds and the Portfolio Manager of Empire Life Segregated Funds. Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund and segregated fund investments. Investments are not guaranteed, their values change frequently, and past performance may not be repeated. **Any amount that is allocated to a Segregated Fund is invested at the risk of the contract owner and may increase or decrease in value.** A description of the key features of the individual variable insurance contract is contained in the Information Folder for the product being considered. Segregated Fund policies are issued by The Empire Life Insurance Company.

The payment of distributions is not guaranteed and may fluctuate. The payment of distributions should not be confused with a fund's performance, rate of return or yield. If distributions paid by the fund are greater than the performance of the fund, your original investment will shrink. Distributions paid as a result of capital gains realized by a fund, and income and dividends earned by a fund are taxable in your hands in the year they are paid. Your adjusted cost base will be reduced by the amount of any returns of capital. If your adjusted cost base goes below zero, you will have to pay capital gains tax on the amount below zero.
