Supporting your chosen charity

Planned Giving is a socially-conscious, approach to wealth planning that integrates personal tax planning with philanthropic wishes.

It is founded upon an understanding that the starting point must always be the donor's philanthropic wishes. Upon this foundation, a Planned Giving program seeks to serve the needs and desires of both donor and charity:

Benefits for the Donor

- Tax receipt for value of donation
- Present & future personal tax savings
- Estate tax savings
- Important causes are supported during the donor's lifetime and in legacy
- Leveraged value of charitable gifts beyond what is possible by traditional donation

Benefits for the Charity

- Increased absolute dollar gift value
- Cost-effective, streamlined fundraising
- Facilitated budgeting for operations & capital
- Comfortable expectation that intended legacy donations will be fulfilled — usually guaranteed
- Potential for unfettered control of received funds
