<sup>1</sup> Savings percentage is based on the monthly premiums for Solution 25 vs an average of the monthly premiums charged by top 5 banks for mortgage life insurance. Solution 25 premiums are guaranteed not to change for 25 years if paid when due.

<sup>2</sup> Based on monthly premiums for first 25 years for a healthy 36-year-old female, non-smoker, purchasing \$400,000 of Solution 25 as of March 15, 2022. At the end of each 25 year term, Empire Life Solution 25 automatically renews and the premium increases annually.

<sup>3</sup> The average cost of the top five banks' mortgage life insurance premium is the average of the monthly premium of mortgage life insurance offered by Scotiabank (\$96.00), BMO (\$80.00), TD Canada Trust (\$90.00), RBC (\$56.00), and CIBC (\$80.00) for the same individual obtaining a \$400,000 mortgage as determined by Empire Life in a survey conducted on March 04, 2022. Premiums for mortgage life insurance stay the same, but the amount of coverage decreases as your mortgage balance decreases. Term life insurance and mortgage life insurance have different features and eligibility requirements.
