Morningstar Ratings reflect performance as of April 30, 2024 and are subject to change monthly. The ratings are calculated from a fund's 3, 5 and 10-year returns measured against 91-day Treasury bill and peer group returns. For each time period the top 10% of the funds in a category get five stars, the next 22.5% four stars; the following 35% three stars; the next 22.5% two stars, and the bottom 10% one star. The Overall Rating is a weighted combination of the 3, 5 and 10-year ratings. For greater detail see [www.morningstar.ca](http://www.morningstar.ca).
